

Application No. 10/727,488

REMARKS/ARGUMENTS

Applicant has carefully studied the outstanding Official Action mailed on July 19, 2006. This response is intended to be fully responsive to all points of rejection raised by the Examiner and is believed to place the application in condition for allowance. Favorable reconsideration and allowance of the application are respectfully requested.

Applicant is required under 35 USC 121 to elect a single species for prosecution.

In response thereto, Applicant elects Group II without traverse. This invention is claimed in generic claim 18. Claims 1-17 have been cancelled without prejudice (which takes care of problems the Examiner noted). New claims 19-23 have been added, which all ultimately depend from claim 18. The claims of record are accordingly claims 18-23, which are all generic.

Applicant respectfully requests that a timely Notice of Allowance be issued in this case.

Respectfully submitted,

DEKEL PATENT LTD.
